### Yorkshire Water complaint update

We are making some progress with our complaint against Yorkshire Water. Firstly the Consumer Council for Water have gone back to YW again, this time armed with my phone records to try to get further responses. We await their report. Secondly our MP Lee Pilcher has received a response from YW's Corporate Affairs Manager Sarah Robinson. She tells us that YW are:

- reorganising teams into geographical regions

- creating new technical roles in call centres to support better initial understanding of issues and the resolution approach required.
- increasing capacity to manage the resolution of issues end-to-end in their contact centres.
- introducing enhanced case ownership in the wastewater and clean water field teams.

They are also continuing to invest in new technologies and systems to enable the delivery of better real-time information and manage the issues more effectively as well as better systems for customers to report issues online.

Wow! All well and good, but in my view this is an excellent example of how to say a lot without saying anything at all! This does not in any way address our specific complaint, that many of us in Garthorpe and Fockerby were lied to and told we were the only individuals making a complaint. After discussions with Lee's staff, in particular the excellent Dannie, they are going back to YW for a specific response to that specific question.

I will, as ever, keep you informed of progress..

### **St Mary's Church**

#### **A message from the Vicar From The Vicar.**

This winter, when you next see someone who looks both poor and cold, think of Martin of Tours. This monk bishop, born in Pannonia (now Hungary) became one of the most popular saints of the Middle Ages.

Martin's father was a pagan officer in the Roman Army, and Martin was intended for the army as well. But from an early age Martin wanted to be a Christian and felt that as a Christian he could not serve the Roman Empire. Martin was imprisoned for this early 'conscientious objection', and not released until 357, when he was nearly 40.

One day Martin met a nearly naked beggar at Amiens. He took off his cloak, cut it in half and gave the half to the beggar. Soon after this, he had a dream in which Christ appeared to him, wearing the half of the cloak which Martin had given away.

Martin was the pioneer of western monasticism: he founded the first monastery in the whole of Gaul about 360. He was made bishop of Tours in 372 – by popular demand of both his clergy and his people.

As bishop, Martin continued his simple life as a monk, – and evangelist. Christianity had been largely confined to the urban centres of population, but Martin went further and took Christianity to the Pagani (countrymen).

For the next 25 years this greatly loved bishop travelled his diocese by donkey and by boat, preaching the good news of Jesus Christ, and helping his people to tear down their heathen temples and sacred trees. He was sought out for his healing prayers for the sick, and his defence of the faith from heretics.

Martin's emblem in English art is often that of a goose, whose annual migration is about this time of year. 'St Martin's Summer' in England is a spell of fine weather that sometimes occurs around 11th November.

And of course, St. Martin's Church in Owston Ferry is dedicated to this particular saint.

With love and prayers,  
Mark.

## **Blue Horizon - The Music of James Taylor & Joni Mitchell.**

For many of us of a certain age the songs of James Taylor and Joni Mitchell are part of our soundtrack. 'You've got a Friend'(1971) and 'Big Yellow Taxi' (1970), always been on my playlist.

Gryn and Kath, as Blue Horizon, came to Garthorpe to bring back memories of when the world was a simpler, slower place, when singer/songwriter were popular and no one had heard of the Internet. Gryn's guitar playing was excellent, and his soft melodic vocals were a fitting tribute to James Taylor. 'Carolina in my Mind', Fire and Rain, How Sweet it is', the memories just kept coming.

Kath is better known as a violinist who has played with the Unthanks and Simply Dylan, so this is a significant career change for her. I'm sure her confidence and stagecraft will improve as her journey progresses. She gave us 'Carey', 'Both Sides Now' and 'A Case of You' amongst others, accompanying herself on guitar, keyboard and Appalachian guitar.

The two pianos have been endorsed by the Great Balls Of Fire Singer, Mr Jerry Lee Lewis.

Halloween has been and gone; Christmas is in the shops and November has arrived. Autumn is truly here as the leaves on the trees change to those beautiful red & golden colours before dropping to the ground. As a child I used to love shuffling through places where the wind had blown the leaves into piles and hearing that gorgeous crunching sound.

So, what has Incredible Edible been up to since last month? There have been fewer one-off workshops than usual as we wind down to Xmas and money is stretched in other directions. As a non-profit making enterprise we do live in the real world and understand that money is tight at this time of year. Also tutor fees, materials and hall hire have increased but we still strive to keep events as affordable as possible but still break even. For example, my daughter has booked us on a workshop taking place in Airmyn to make a Christmas door wreath at a cost of £45. IEM's equivalent workshop is £10 dearer at £55 but I come away with not only a beautiful unique door swag, but also a personalised table centre piece too. As Christmas is at my house this year, I am doing both and feel that the IEM workshop is better value for money. I have had to budget for these two events over the last couple of months but monthly I do put money

by in anticipation of things I know I will enjoy doing. Perhaps worth a mention is the fact that we do sell gift vouchers which are handy to be used to save for the more expensive events, as well as being given as a unique gift.

Our regular events have carried on as usual throughout last month. These are our weekly Yoga at Reedness Primary School, Marshland Movers on Wednesdays at Ousefleet Village Hall, Hobby Huddle at Garthorpe every second Friday of the month, Craft Huddle on the first Tuesday afternoon of the month which is also at Garthorpe Village Hall and then lastly our newest addition of Chair Aerobics on Friday mornings at Swinefleet Village Hall. Marshland movers could do with a few more participants and this class appeal to both young and old. Genie who runs it is marvellous and it is filled with fun and laughter as well as the dance exercise. The chair Aerobics started the last week in August and has now over 20 people who attend. Genie runs this class, and it is as much for the exercise as being a social event due to the break in the middle when there is time for a cuppa and a chat. I love it and attend when I can.

The Dried Flower wreath workshop had to be cancelled as not enough people booked on it to make it worth the while for the tutor to travel to Swinefleet. However, for the few that did book on IEM managed to go to Hattie's place to do the workshop. The knowledge gained was very detailed and the finished wreaths were amazing. Learning how to grow and dry suitable flowers and grasses for further wreaths was very valuable and then we made the wreath so the theory could be put into practice ready for using our own materials next year. Thanks, Hattie, for your time and the use of your home. The tea and chocolates went down nicely too!

Quite Contrary Pottery came to Swinefleet Village Hall on Friday 3rd October. It was well attended, and everyone made a unique ceramic ghost tealight which was returned in time for Halloween having been fired and glazed by Jan the tutor. A very therapeutic evening shaping the clay.

On Saturday 4th October at Garthorpe Village Hall, another of the cookery workshops took place, still on the theme of different forms of

cake decorating and icings. A chocolate orange cauldron was made and all who attended made some professional cauldrons. It never ceases to amaze me just how talented people in the marshland Villages are.

It was a busy day on Friday 10th October as a Boccia taster session was held both at Swinefleet Village Hall after Chair Aerobics and at Garthorpe village hall in the same afternoon. The Swinefleet one was very well attended as this is fun exercise for all – that includes both men and women as well as disabled people and able-bodied people. It is totally inclusive and was enormous fun as well as perfect for meeting new people on a social basis. Sadly, the taster at Garthorpe was not attended by anyone so a decision will have to be made as to whether we include this in our programme. Watch this space!

The last event to relay to you was a workshop held at Garthorpe during the Hobby Huddle on Friday 10th. This was very well attended, and we all made a soft toy witch doll. At least we almost made the doll but took it home to finish off using the clear instructions provided. Everyone who attended enjoyed this workshop and I for one will do my best to complete it before Halloween. It's on the list of "to do's" so keep your fingers crossed for me that I find the time.

Life lately seems to be a constant whirlwind..... But on the plus side it keeps me from being lonely in the evenings. I look forward to returning next month. So, for now "see you soon".
